these are notes for a course in precalculus, as it is taught at new york city college of technology - cuny (where
it is offered under the course number mat 1375). our approach is calculator based. for this, we will use the
currently standard ti-84 calculator, and in particular, many of the examples will be explained and solved with
it. **precalculus, 2nd edition - previewngborn** - about the author cynthia y. young is a native of tampa,
